

Video Conferencing for Every Space

Revolutionizing the way teams use conference rooms

Conference Rooms

Huddle Rooms

Executive Office

Training Rooms

Affordable Video Conferencing

- ★ Use off-the-shelf hardware with cloud-based Zoom Rooms software for a fraction of the cost of traditional video conferencing systems
- ★ Perfect for huddle, conference, and board rooms, training centers, and executive offices

Seamless Integrations for Ease of Use

- ★ Personal Room ID integrates with Google or Microsoft Exchange calendar for easy scheduling, joining and meeting management
- ★ See the room's schedule of upcoming meetings and start your meeting with a single touch on your iPad or Android tablet controller

Room for Everyone

- ★ Video and audio conferencing with up to 500 interactive video participants or 10,000 webinar viewers

Flexibility for all devices

- ★ Supports BYOD environments - participants can join from desktops, laptops, mobile devices, telephones, traditional H.323 room systems and Zoom Rooms

Wireless Content Sharing

- ★ Share high-resolution content over Wi-Fi, AirPlay mirroring, or by direct HDMI connection
- ★ You can even share a video clip with audio

Additional Features

- ★ Supports up to 3 screens with split view, gallery or active speaker options
- ★ Record meetings
- ★ Multi-layer security
- ★ Admin dashboards show usage, providing instant ROI metrics and alerts for potential hardware issues
- ★ Remote management by room location

H.323/SIP Connector

Extend your traditional H.323/SIP room systems to the cloud

- ★ Interoperability enables H.323/SIP room systems to communicate with desktop, tablet, mobile devices, Zoom Rooms, and other H.323/SIP endpoints
- ★ Works with many legacy endpoints including Polycom, Cisco, Lifesize, and others

Zoom Rooms Professional Services

Optimize your room setup

- ★ Site survey with recommended hardware and a detailed system set-up and configuration guide
- ★ Options for remote or on-site deployment services

“When Zoom announced Zoom Rooms, it was a ‘eureka’ moment for us. We could have the same simplicity in our conference rooms that Zoom offers us at the desktop layer.”

Dennis Vallone, Network Administrator
BAYADA Home Health Care

About Zoom

Zoom is the leader in modern enterprise video communications, with an easy, reliable cloud platform for video and audio conferencing, chat, and webinars across mobile, desktop, and room systems. Zoom Rooms is the original software-based conference room solution used around the world in board, conference, huddle, and training rooms, as well as executive offices and classrooms. Founded in 2011, Zoom helps businesses and organizations bring their teams together in a frictionless environment to get more done. Zoom is a private company headquartered in San Jose, CA.
